Making the future a safer, cozier, more relaxing place to live.

Where you live on the Internet is important. The new Microsoft Network Premiere online service is now the world's most reliable online service. But, that's not all: It comes with the world's best e-mail (thanks to Outlook Express) and the world's best browser—that would be Internet Explorer 4.0. This is ruff copy. Call 1 800 FREE MSN.
